As long as you use the same email address for both members, the system should automatically recognise you.

! If the second member was NOT an existing member you will only be offered the option "Nouvelle personne" (New contact)

It is important to note that if you were already a member, your children information is already registered.

In the example above, this family/member is only offered to "add" CHILD 3 – that is because there is already CHILD 1 and CHILD 2 registered.

If you have however a new child to register, you may add him/her to the form. This information will be carried over to your profile.

If you wish to see, update or change your existing profile information. You may refer to the document "Updating my profile".

You are now ready to complete your membership and proceed to the payment!
